

## About Codech Tech

Welcome to **CODECH TECH SOLUTIONS**, a pioneering startup dedicated to providing top-tier SAP training solutions. Our mission is to empower professionals and organizations with the knowledge and skills necessary to excel in the ever-evolving world of **SAP technologies**. We offer comprehensive training programs designed to cater to various levels of expertise, from beginners to advanced practitioners. Our courses are meticulously crafted by industry experts to ensure that our participants gain practical, hands-on experience that is directly applicable to real-world scenarios.

At **CODECH TECH SOLUTIONS**, we believe in fostering a learning environment that is both engaging and supportive. Our state-of-the-art training facilities, combined with our innovative teaching methodologies, ensure that our students receive the highest quality education. We are committed to staying at the forefront of **SAP** advancements, continuously updating our curriculum to reflect the latest industry trends and best practices.

## Overview

- This Training gives current or aspiring professionals an overview of the features, benefits, and capabilities of **SAP**.
  - On completion of this **Training program**, you will be able to understand the practical benefits of SAP and the basics of its global infrastructure. You'll be able to describe and provide an example of SAP in depth. The learning process will be kept simple and accurate from start to finish.
  - There is no prerequisite, but having knowledge of programming concepts is beneficial to start with. For the entire program, we will teach everything from scratch to the advanced level.
  - Additionally, you will gain **hands-on experience** through **real-time projects**, which will help you apply theoretical knowledge to practical scenarios. This will enhance your problem-solving skills and prepare you for real-world challenges.
- 
- Furthermore, our expert instructors will provide personalized guidance and support throughout the course, ensuring that you have a thorough understanding of SAP and are well-prepared for your career in this field.

## Benefits at Codech

- **Live Sessions:** Engage in interactive live classes conducted via **ZOOM** or **Google Meet**, scheduled 5 - days a week for 1 hour each session. These sessions provide real-time interaction with instructors and peers, fostering a collaborative learning environment.

- **Class Recordings:** Gain access to recordings of all **LIVE** classes, allowing you to revisit and review the material at your convenience. This ensures you can keep up with the course content even if you miss a live session.
- **Doubt Sessions:** Participate in dedicated live **DOUBT-CLEARING** sessions every Saturday. These sessions are designed to address any questions or challenges you may encounter, ensuring you have a clear understanding of the concepts.
- **Interview Preparation:** Receive comprehensive support for job interviews, including mock interviews, resume building, and tips on how to effectively present your skills and experience including **Project Documentation**.
- **Course Certification:** Upon successful completion of the course, you will be awarded a certification that validates your expertise in SAP. This certification can enhance your professional credentials and improve your job prospects.
- **Real-Time Projects:** Apply your learning through hands-on experience with four **Minor Projects** and one **Major Project**. These projects are designed to simulate real-world scenarios, providing practical experience and enhancing your problem-solving skills.
- **Expert Instructors:** Learn from seasoned professionals who are currently working in multinational companies (**MNCs**). Their industry experience and insights will provide you with valuable knowledge and practical tips.
- **Placement Opportunities:** Benefit from our placement assistance program, which includes job placement support and networking opportunities. We aim to help you secure employment in the industry by connecting you with potential employers and providing guidance throughout the job search process.
- **Comprehensive Curriculum:** Our curriculum covers everything from the basics to advanced topics in SAP, ensuring a thorough understanding of the subject. The course is designed to be accessible to beginners while also providing depth for those with prior knowledge.

By the end of this program, you will be well-equipped with the skills and knowledge required to excel in SAP development roles, with practical experience gained through real-time projects and comprehensive interview preparation.
